

# LOCAL NEWSLETTER JANUARY 2021

---

## / JANUARY UPDATE

Happy New Year.

Since our last newsletter, we are continuing with the internal works to our headquarters. This includes the lighting arrangements, painting the walls and completing the floor finishes. The exterior of the building is being made waterproof and the landscaping is being completed behind the hoardings. You may notice that the lights in the building are on more than usual. This is part of our installation and testing works.

At the end of January we will start the finishing touches to the building's external terraces.

The photos below were taken mid-January to show the nearly finished new headquarters
